

TOTEM

ETHANOL BURNER

Commerce Technology®

COMMERCE TECHNOLOGY®

Planika developed a uniquely safe Commerce Technology®, which is based on highly absorbent ceramic fibers. If you accidentally drop or tilt the fireplace, the fuel will remain inside the burner.

GLASS CYLINDER

This durable glass cylinder protects the flame from any air blows, making it stable at all times.

CLEAN & EFFICIENT FIRE

The fireplace utilizes bioethanol, the green source of energy. It produces fire that is rich in colour and doesn't emit any smoke.

FREESTANDING

The contemporary solution for the maximum comfort and unlimited arrangement possibilities. Planika's freestanding biofireplaces ensure instant natural fire in any place.

BEST BUILD QUALITY

The product is built to the highest quality standards. Made of polyethylene and best materials, it is extremely durable and resistant to the most harsh conditions.

TOTEM (Commerce Technology®)

Fuel tank capacity	3.0 L
Maximum burn time	7.0 hours
Maximum heat output	2.5 kW
Minimum room cubature	25 m ³
Weight	24.5 kg
Fuel type	bioethanol 95 - 96,6%
Flue	not required
Air change rate	1 space volume per hour (indoor)
Finish	concrete, stainless steel, glass
Materials	polyethylene, stainless steel, glass
Application	for indoor and outdoor use
